School & Work

Main Activities

The project's main activities are:

- Creation of a transnational network of schools
- Identification of students' skills, aptitudes and potential
- Review of the most relevant job profiles requested by the labour market
- Promotion of an entrepreneurial spirit among students
- Collection of interviews with successful entrepreneurs, employees and famous people
- Development of a training course for teachers and counsellors on the relation between school and labour market

Results

- Transnational network of schools
- Database of skills and aptitude tests
- Database of relevant job profiles in the European labour market
- Collection of learning objects on entrepreneurship
- Testimonials of successful people
- Training course for teachers and counsellors

Aim

The School&Work project aims at the prevention of early school leaving by creating a synergy between schools and the world of work.

The aim is to involve the labour market in supporting students' motivation to stay at school and fostering their entrepreneurial spirit.

Target Groups

The project is addressed to:

- Schools
- Teachers
- School Counsellors
- Students
