

## MOBILITY PROJECT FOR YOUNG PEOPLE AND YOUTH WORKERS

The main budget of this Action is allocated to support transnational activities involving organisations and participants from Programme Countries. However, around 25% of the budget available for this Action can fund international activities including organisations and participants from Programme and Partner Countries neighbouring the EU (regions 1 to 4; see section "Eligible countries" in Part A of this Guide).

A mobility project can comprise of one or more of the following activities:

### **Mobility of young people:**

#### ▪ **Youth Exchanges:**

Youth Exchanges allow groups of young people from at least two different countries to meet and live together for up to 21 days. During a Youth Exchange, participants, supported by group leaders, jointly carry out a work programme (a mix of workshops, exercises, debates, role-plays, simulations, outdoor activities, etc.) designed and prepared by them before the Exchange. Youth Exchanges allow young people to: develop competences; become aware of socially relevant topics/thematic areas; discover new cultures, habits and life-styles, mainly through peer-learning; strengthen values like solidarity, democracy, friendship, etc. The learning process in Youth Exchanges is triggered by methods of non-formal education. The rather short duration makes the involvement of young people with fewer opportunities appropriate; as such a Youth Exchange offers an international mobility experience in the safety of a group with the possibility of having an adequate number of group leaders to take care of the participants. A Youth Exchange can also be a good setting for discussing and learning about inclusion and diversity issues. Youth Exchanges are based on a transnational cooperation between two or more participating organisations from different countries within and outside the European Union.

The following activities are not eligible for grants under Youth Exchanges: academic study trips; exchange activities which aim to make financial profit; exchange activities which can be considered as tourism; festivals; holiday travel; performance tours.

#### ▪ **European Voluntary Service:**

This activity allows young people aged 17-30 to express their personal commitment through unpaid and full-time voluntary service for up to 12 months in another country within or outside the European Union. Young volunteers are given the opportunity to contribute to the daily work of organisations dealing with youth information and policies, young people's personal and socio-educational development, civic engagement, social care, inclusion of disadvantaged, environment, non-formal education programmes, ICTs and media literacy, culture and creativity, development cooperation, etc. Young people with fewer opportunities can receive additional support to enable their participation and would also be allowed to go on EVS for a shorter duration of time (from 2 weeks and up).

A project can include between 1 and 30 volunteers who can do their voluntary service either individually or in group.

Participating organisations are responsible for:

- arranging subsistence, lodging and local transports of volunteers;
- envisaging tasks and activities for volunteers that respect the qualitative principles of the European Voluntary Service, as described in the EVS Charter;
- providing to volunteers an on-going task-related, linguistic, personal and administrative support throughout the duration of the activity.

The participation in an EVS activity must be free of charge for volunteers, with the exception of a possible contribution for travel costs (if the Erasmus+ grant does not fully cover these costs) and additional expenses not linked to the implementation of the activity. The essential costs for volunteers' participation in the EVS activity are covered by the Erasmus+ grant or through other means afforded by the participating organisations.

Besides the support provided to the volunteers by the participating organisations, the National Agencies or regional SALTOS organise a Training and Evaluation Cycle<sup>48</sup> to be attended by each volunteer and consisting of: a) an on-arrival training for voluntary services lasting 2 months and longer; b) a mid-term evaluation, for voluntary services lasting 6 months and longer.

<sup>48</sup> Detailed information can be found in the document "EVS Training and Evaluation Cycle Guidelines and minimum quality standards":

[http://ec.europa.eu/youth/programme/mobility/documents/evs-training-evaluation-guidelines\\_en.pdf](http://ec.europa.eu/youth/programme/mobility/documents/evs-training-evaluation-guidelines_en.pdf)

The following activities are not considered as a European Voluntary Service within the framework of Erasmus+: occasional, unstructured, part-time volunteering; a work placement in an enterprise; a paid job; a recreation or tourist activity; a language course; exploitation of a cheap workforce; a period of study or vocational training abroad.

**Mobility of youth workers:**

▪ **Youth workers' training and networking:**

This activity supports the professional development of youth workers, through the implementation of activities such as transnational/international seminars, training courses, contact-making events, study visits, etc. or job shadowing/observation periods abroad in an organisation active in the youth field. All these activities are arranged by the organisations participating in the project. The participation of youth workers in such activities contributes to capacity building of their organisation. The learning outcomes should be further disseminated.

In 2016, in the selection of projects emphasis will be put on:

- reaching out to marginalised young people, promoting diversity, intercultural and inter-religious dialogue, common values of freedom, tolerance and respect of human rights as well as on projects enhancing media literacy, critical thinking and sense of initiative of young people as well as
- equipping youth workers with competences and methods needed for transferring the common fundamental values of our society particularly to the hard to reach young people and preventing violent radicalisation of young people as well.

In this regard, taking into account the critical context in Europe - and considering the fact that youth work, non-formal learning activities and volunteering can significantly contribute to address the needs of refugees, asylum seekers and migrants and/or increase awareness about this issue within local communities – particular attention will also be given to support youth mobility projects involving or focussing on the refugees/asylum seekers and migrants.

**WHAT IS THE ROLE OF ORGANISATIONS PARTICIPATING IN THIS PROJECT?**

Participating organisations involved in the mobility project assume the following roles and tasks:

- Coordinator of a youth mobility project: applying for the whole project on behalf of all the partner organisations.
- Sending organisation: in charge of sending young people and youth workers abroad (this includes: organising practical arrangements; preparing participants before departure; providing support to participants during all the phases of the project).
- Receiving organisation: in charge of hosting the activity, developing a programme of activities for participants in cooperation with participants and partner organisations, providing support to participants during all the phases of the project.

Young volunteers doing a European Voluntary Service lasting two months or longer are eligible to receive linguistic support. Online linguistic support is being gradually implemented in the course of the Programme. It is made available by the European Commission to eligible participants to assess their foreign language competences and to offer, where necessary, the most appropriate language learning before and/or during mobility (for more details, see Annex I of this Guide).

**WHAT ARE THE CRITERIA USED TO ASSESS THIS PROJECT?**

Here below are listed the formal criteria that the mobility project must respect in order to be eligible for an Erasmus+ grant:

<sup>49</sup> In this context a public body at national or regional level is considered a public body that 1) provides services or has an administrative area of competence that covers the whole national or regional territory and b) has a monopoly, in the sense that there are no other bodies that carry out the same functions in the country or region (typical examples: Ministries, State Agencies, Regional public authorities, etc.). In this sense, schools, universities or other bodies, even if they are established by national law, are excluded from this category and qualify as public bodies at local level.

## WHAT ELSE SHOULD YOU KNOW ABOUT THIS ACTION?

### PARTICIPANTS FROM OUTERMOST REGIONS AND OVERSEAS COUNTRIES AND TERRITORIES

In line with the Regulation establishing the Erasmus+ Programme, which calls on taking into account the constraints imposed by the remoteness of the outermost regions and the Overseas Countries and Territories (OCTs) of the Union when implementing the Programme, special funding rules are set in order to support expensive travel costs of participants from outermost regions and OCTs insufficiently covered by the the standard funding rules (based on contribution to unit costs per travel distance band).

Applicants of mobility projects will be allowed to claim financial support for travel costs of participants from outermost regions and OCTs under the budget heading "exceptional costs" (up to a maximum of 80% of total eligible costs: see "What are the funding rules?"). This would be allowed provided that applicants can justify that the standard funding rules (based on contribution to unit costs per travel distance band) do not cover at least 70% of the travel costs of participants.

### OTHER INFORMATION

More compulsory criteria and additional useful information relating to this Action can be found in Annex I of this Guide. Interested organisations are invited to read carefully the relevant sections of this Annex before applying for financial support.
